

**KOSHER STANDARD OPERATING PROCEDURE FOR
CORN ROAST**

OUTSIDE FOOD:

No outside food is permitted in the production area.

PRODUCTS/INGREDIENTS:

All processed products have presently been verified as under kosher supervision. Conference with the MSP Kosher Director of Supervision is required in order to introduce a new product/item and confirm its kosher status.

PAREVE or DAIRY:

All corn is roasted directly on the roaster without any additives—served fresh to the consumer. If the corn is dipped in the butter mixture before serving, the mixture is comprised of water and kosher certified pure dairy butter.
